
ROHS PRODUCTS CERTIFICATE OF COMPLIANCE

Rev: N – March 24th 2010

C&K components, certifies that all products which belong to the product families hereunder and for which their designation is ending by “LFS”, “LFG”, “LFT”, “LHS”, “ROHS”, are complying with the EU directive 2002/95/EC, dated 27th January 2003, said RoHS directive, and amendment 2005/618/EC.

These products do not contain (to our knowledge and based on statements from our suppliers) intentionally added or relevant amounts of the heavy metals (Cd, CrVI, Hg, Pb) or of polybrominated biphenyls or polybrominated diphenylethers (i.e. deca BDE).

All other products for which the indication “LFS”, “LFG”, “LFT”, “LHS”, “ROHS” is not present are not guaranteed as RoHS complaint or are under compliance process.

For any query, please check our web site at www.ck-components.com or contact your C&K components representative.

Product family list:

- Tact switches:
KSA/KSB/KSC/KSD/KSF/KSFI/KSJ/KSL/KSR-G/KSS/KMS/KMR/KSU/TPA/TPC/KT11/
